Savor the scenic beauty

of the sheltered coves of Marblehead's Little Harbor

at the end of the mainland peninsula ~ where the town's early settlement began in 1629

Stunning vistas over the 2 off-shore islands

and the waters of **this tranquil & vital ecological coastal zone** and **open space**

Social history

1600s settlement, later 1800s development, **current conservation**

Led by **Judy Anderson** of Marblehead Architecture & Heritage Tours **to celebrate the preservation of Little Harbor's two off-shore islands as natural open spaces in perpetuity**, thanks to their donations in 1955 & 2018 to the **Trustees of Reservations**, which manages nearly 120 properties in MA.

★ *Crowninshield Island (Brown's) was given to the Trustees by Louise DuPont Crowninshield in 1955. ★ Gerry's was donated by Ted & Julie Moore in 2018. Individuals & the Mhd. Conservancy raised the required endowment.*
